SIR,—MR. DALZELL, of the Uncovenanted Ser-
vice, who has been in England on Sick Certificate
upwards of a year, was allowed for twelve months
from the date of quitting his appointment, half, and
from the expiration of this twelve months to date
of rejoining, one-third of his allowances.

2. He now, I presume under that part of the
Supreme Govern-

"On the condition that during
this additional period the absentee
shall draw the same rate of allow-
ances as are granted by Clause 3 of
Section V."

ment Notification,
dated 16th October
1857, which is given
in the margin, pre-

fers the following claim, viz:—

To half-pay for the period of transit from Mac-
chee to Bombay.

To half-pay for twelve months in England.

To half-pay for the time spent in rejoining from
Bombay to Kurrachee.

3. It seems to me that, as under Clause 3

* During one year of the entire
period of absence under this Rule
the absentee will be subjected to a
deduction of one-half, and during the
remainder to a deduction of two-thirds
of his allowances.

Section V. of the
Uncovenanted Ab-
sentee Rules, margi-
nally* quoted, one
year is the limit

assigned to half allowance during the whole
period of absence, an Officer cannot get half-
pay for more than twelve months after leaving
his Station, and that the words of the Notification,

And during the remainder,
to a deduction of two-thirds
of his allowances.

quoted in the margin
at paragraph 2, must in
all cases where an Offi-
cer has exceeded twelve

months' absence from his Station, counting special
and sick leave together, be held to refer to that
part of Clause 3 of Section V. which is mar-
ginally given.

4. In other words the special leave taken under
the Notification of the Government of India, being
taken for the purpose of reaching a Port from
which to embark on Sick Certificate, appears to me
a species of sick leave, and therefore to be subject
to the proviso in Clause 3 of one year being the
limit of absence from duty on half-pay.

5. In order that the doubt on this point may
be set at rest, I beg respectfully to be favored
with the early instructions of His Honor in Coun-
cil thereon.

PUBLISHED by order of His Excellency the Governor General in Council,

C. HUGH LUSHINGTON,

No. 1125.

FROM R. TAYLOR, Esquire,

Civil Auditor, Punjab,

To C. H. LUSHINGTON, Esquire,

Secretary to the Government of India,
Fort William.

Dated Lahore, the 26th February 1861.

SIR,—By Order, Government India, Financial Department, dated 26th January 1861, all Local Accountants and Civil Auditors were directed, after consultation, to submit separate Reports as to the effect the changes of system directed by the Supreme Government would have on their respective Establishments, although I have debated the matter with the Officiating Accountant, there are some points which appear to me doubtful, and so prevent my giving any decided opinion.

For although Section XXIV. of the Budget and Audit Committee's Report details the Returns to be made by the Civil Pay Master in the Resource Department, and Section XXVII. those to be furnished by the Deputy Auditor-General, nothing is said touching those to be furnished by the Civil Pay-Master on account of the duties now discharged by the Civil Auditor. If the Returns now furnished by the Civil Auditor be still required from the Civil Pay-Master, it is evident that the change will not lessen the labour of the Establishment, or facilitate its reduction, while the effect of any alteration is shown in my Report to the Civil Finance Commission, of which I annex an Extract.

Another point of doubt is touching the Resource Department. The copies of the sanctioned Budget Estimates to be sent to the Civil Pay-Master under Section XXI. include of course receipts as well as disbursements, but these will in no way enable the Civil Pay-Master to check the *District Monthly Estimates*. Is the Civil Pay-Master not expected to check these? If he be, copies of the sanctioned Estimates of each District would be required, and a "Kistbundee," and a strong Establishment; but now (I apprehend) there is no such check for the Clerk (part of whose duty the charge of the Resource Department in

the Accountant's Office is,) could not alone perform this work, though he had nothing else to do. I suppose then that the Civil Pay-Master will accept the District Monthly Estimates unless some entry be particularly noteworthy, but hope to be favored with further instructions on this point.

Supposing then such detailed check be not required, it is my intention to keep the Resource Department in my own hands, until personal acquaintance with the work shall show clearly what assistance is needed and then to report; but a Writer on Rupees 40 will be now required for the correspondence.

My other doubts may be briefly stated:—

Section 22.—"Abstracts of Cash Requirements in the Military Department to be sent to the Civil Pay-Master at the three Presidencies;" then how will the Civil Pay-Master of the Punjab be informed of the demands which may be made on him?

Who are the "Civil Authorities" who can call for the data on which the cash requirements of the Military Department are founded?

Section 41.—"The Deputy Auditor-General will send an annual Abstract of Cash Requirements." This will be the sole point in which he will be connected with the Resource Department.

FINANCIAL DEPARTMENT.

SIR,—I AM directed to acknowledge the receipt of your letter No. 1125, dated the 26th ultimo, with its enclosure, soliciting orders on certain points connected with the new system of Audit and Accounts, and in reply to communicate the following orders.

2. You are informed, with reference to paragraph 2 of your letter, that all the Returns now furnished by you as Civil Auditor will be required to be furnished under the new system.

3. In reply to your 3rd paragraph, I am to state that it will be sufficient for you to accept the District Monthly Estimates, unless some entry be particularly noteworthy.

4. With reference to the 4th paragraph I am to observe that the additional Writer can be allowed only on a corresponding reduction being made in the Establishment of the Accountant's Office.

5. Adverting to paragraph 5, the Governor General in Council directs me to state that the cash requirements of the Military Department will be communicated to you and to all the other Civil Pay-Masters by the Military Finance Department, in the form to be prescribed by the Audit Board, as mentioned in my letter to the address of the Military Finance Department, No. 2236, dated the 1st instant, and that the Civil Pay-Masters will be at liberty to call for such Statements of requirements, if they are not duly forwarded by the Military Finance Department. Also that you are right in supposing that the Deputy Auditors-General will have no concern

with the Resource Department, except in respect to furnishing the two Annual Statements of Cash Requirements required to be sent with the Budget Estimates, and on the 1st October in each year.

SIR,—It has become necessary, as the rules in regard to Pensions emanate from the Government of India and are absolute, to refer the following question regarding the Pension of Native Officials, raised by the Sudder Board of Revenue of these Provinces, for the consideration and decision of His Excellency the Viceroy in Council.

2. The Board are of opinion that in all cases in which Office was lost through the intervention of the war of rebellion, and the Officer's character having been cleared, he was re-appointed as soon as the state of the Service provided a suitable vacancy, such interruption should not prejudice the claim to Pension.

3. It appears to the Lieutenant-Governor that the rule proposed by the Sudder Board of Revenue should be adopted and made known by a Resolution of the Government of India to be published in the *Gazette*.

4. To rule that the break in service interrupted by the disturbances should prejudice the claim to Pension of those Servants of Government, who, after the restoration of tranquillity, were exonerated from implication in the rebellion, and were either restored to their former Offices or re-entertained on the occurrence of a suitable vacancy, would not, the Lieutenant-Governor is of opinion, be an equitable measure, and His Honor trusts that His Excellency the Viceroy in Council will take the same view.

5. The period of enforced vacation of Office would not count as service for Pension; but the break caused thereby would not prejudice the claim to the same.

Judicial (Civil.)

Dated Camp Jhoosee, the 28th February 1861.

SIR,—THE Hon'ble the Lieutenant-Governor having recently, in accordance with the provisions of Act L. of 1860, and after consultation with the Sudder Court, directed a considerable reduction in the number of Hindoo and Mahomedan Holidays hitherto enjoyed by the Officers of Civil Courts, I am directed to request the attention of His Excellency the Viceroy in Council to Clause 2, Section VII. of the Uncovenanted Leave Rules, which lay down that "Officers of the Judicial Department taking leave during the authorized closing of the Civil Courts will not be held entitled, in addition thereto, to privilege leave under Clause 1 of this Rule."

2. But under the Rules now about to be promulgated, instead of fifteen days' holiday at the Mohurrim, and five weeks at the Dussehrab, three days only for the former, and five days for the latter, have been allowed by the Lieutenant-Governor. This latter is the longest holiday of consecutive days that will be in future allowed; and it will be no more practicable for the Native Judges and others attached to the Civil Courts to visit their distant homes during this short holiday than it has been hitherto for the Officers of other than the Judicial Department to do so.

3. There is no longer any reason, therefore, for the distinction which has heretofore obtained between the Judicial and other branches of the Service, and there is no need to guard the Government against any undue license on the part of the Native Judges in absenting themselves from their duties. This appears to have been the object of Clause 2, Section VII. of the Uncovenanted Leave Rules; but this object will in future be attained by the reduction in the number of the Holidays as has already been directed.

4. Under these circumstances, His Honor is of opinion that the Rule above referred to, should be rescinded, and directs me to submit the question for the consideration and orders of His Excellency the Viceroy in Council.

SIR,—In reply to your letter No. 62A., dated 28th ultimo, I am directed to observe that as,

under the circumstances stated, the Native Judges and other Officers attached to the Civil Courts in the North-Western Provinces will be placed on much the same footing in respect to Holidays as Officers of other Departments, the Governor-General in Council* considers that Clause 2 of Section VII. of the Uncovenanted Leave Rules can no longer be held applicable to them.

No. 245 of 1861.—His Excellency the Governor General in Council is pleased to appoint the following Officers to be Brigade Majors on the Establishment :—

Captain H. G. Iremonger, of the 21st Native Infantry, Officiating Deputy Assistant Quarter-Master General of the Army, in succession to Captain de Quincey, directed to rejoin his Regiment, the 70th Foot.

Lieutenant K. J. W. Coghill, of the 2nd European Bengal Fusiliers, in succession to Captain Bamfield, placed at the disposal of the Government of the Punjab.

No. 246 of 1861.—The following Resolution is published for general information and guidance :—

Military Department, 19th March 1861.

Read letter from Quarter-Master General of the Army, No. 2691, of 6th June, forwarding Proceedings of a Committee assembled at Umballa to report upon the system of Barrack Department as at present constituted, with an expression of his own views on the several suggestions offered in the Report.

Read letter from Commissary General, No. 123, dated 19th June, with correspondence regarding the rejection of certain furniture supplied by the Commissariat Department, and offering observations regarding the new duties devolving on the Officers of his Department in connection with the supply of Barrack furniture.

Read letters from the Quarter-Master General of the Army, Nos. 2986 of 22nd June, and 3015 of 26th June, forwarding correspondence relative to the divided responsibilities of the Barrack Master and Executive Engineer, and pointing out the evils of the present system and the means of their correction.

Read Minute by the Commander-in-Chief, dated 25th August 1860, expressive of his views on the present state and future organization of the Barrack Department.

Read letter from the Officiating Deputy Quarter-Master General of the Army, No. 4579, of the 3rd September, proposing a scheme of changes with regard to Barrack Masters and Barrack Sergeants at certain Stations.

Read letter from the Military Finance Commission, No. 2686, of the 10th October, submitting a report on the present state and future organization of the Barrack Department.

RESOLUTION.—In 1857, under a Resolution of Government, in the Public Works Department No. 3139, of the 10th of July, it was determined partially to relieve that Department of the Executive duties connected with Barrack Buildings, such as the making up and repair of furniture, the arrangement of Barrack conservancy, and the supply of miscellaneous articles; and to appoint Barrack Masters subordinate to the Executive Engineers, while some of the duties of custody and supply should be transferred to the Commissariat and Ordnance Departments, and some to the Regimental Authorities.

Circumstances of unusual pressure having, however, rendered it extremely difficult for the Public Works Department to attend effectually to the supervision of Barrack arrangements, it was determined in 1858 to relieve that Department entirely of all duties connected with Barracks, and accordingly, by a General Order in the Military Department dated the 23rd of December 1858, a distinct Barrack Department was constituted subordinate to the Quarter-Master General of the Army.

But this system has been found to work inefficiently and to be inconvenient on the score of expense. The defects of the system are accurately described in the Report of the Military Finance Commission, No. 2686, of the 10th instant.

These defects for the most part have for some time been apparent, and measures have been devised for remedying them.

A Committee held at Umballa has fully reported on the subject, and the Quarter-Master General has submitted his remarks and proposals for improving the condition of the Barrack Department, having in view the continuance of the present system on an improved footing, and with some important modifications of which the object is to obtain the aid of the Public Works Department in matters in which Barrack Masters are not qualified and have not the means to perform the work required.

His Excellency the Commander-in-Chief has also elaborated a very complete scheme for the improvement of the Barrack Department, in which provision is made for having a superior description of Barrack Masters and Barrack Sergeants, and for stimulating the several ranks of the Department to the utmost exertion by suitably rewarding them with promotion and otherwise. By His Excellency's scheme a separate Department would be created, working ordinarily under Divisional and Minor Committees, and, to a certain degree, only superintended by the Quarter-Master General and the Officers of his Department.

The cost of such a Barrack Department would be heavy, and must, for the present, prove a bar to its adoption; while in the existing state of the questions affecting the relative rank of Officers in the Indian Forces at large, it is impossible to carry out those parts of the scheme which relate to the rank of Officers in the proposed Barrack

Department. The Governor General in Council has also serious doubts as to the efficient working of separate Committees, the Members of which must be frequently changed, and he would prefer, for the present at all events, to maintain the Barrack Department under the general control of the Quarter-Master General's Department, and to watch the effect of the improvement which, under the direction of His Excellency the Commander-in-Chief, will, he feels sure, be effected by enforcing more strictly the responsibilities of Divisional and Station Officers, and by adopting many of the subsidiary arrangements proposed by Sir H. Rose, which do not depend on the creation of a new Department.

Having fully considered the several reports and suggestions laid before him, the Governor General in Council resolves that the Barrack Department shall continue, as constituted in 1858, a distinct Department, subordinate to the Quarter-Master General of the Army.

That the Quarter-Master General's Department shall continue responsible for seeing that such Barrack Department and every other Department connected with the accommodation of the Soldier while in Barracks efficiently performs its duties.

PUBLIC WORKS DEPARTMENT.—That the general charge and the repairs of Barrack Buildings ought to rest with the Executive Engineer, and that the Executive Engineer is the proper Officer to arrange the Station Conservancy, such as drainage, levelling, and the like, and accordingly that these duties be assigned to the Department of Public Works.

That the general charge, construction, and repair of Barrack furniture ought to rest with the Executive Engineer, and that the work to be executed by the Public Works Department should include the supply of new furniture, boxes, punkahs, fixtures, and appendages, conservancy carts, and all repairs of the same, and the custody and repair of fire engines.

QUARTER-MASTER GENERAL'S DEPARTMENT.—That Indents for new furniture and requisitions for repairs should be countersigned by an Officer of the Quarter-Master General's Department.

That to aid the Quarter-Master General's Department in securing the prompt and efficient performance of such duties as occasion shall require, Warrant Officers be employed as Barrack Masters at the larger Stations under the Quarter-Master General's Department, to which they will be directly subordinate and responsible.

COMMISSARIAT DEPARTMENT.—That the supply of the following articles should be the duty of the Commissariat Department:—

Lanterns, tatties, water jars, filters, fuel, lime, and any other miscellaneous articles ordered to be supplied; the requisitions for these articles being made by the Regimental Authorities, countersigned by an Officer of the Quarter-Master General's Department.

ORDNANCE DEPARTMENT.—That the following articles should be placed under charge of the Ordnance Department:—

Doilies, kajawabs, lanterns for tents, metal water basins for tents, and tools for conservancy purposes.

That the arrangements for the following purposes be under the Regimental Quarter-Master:—

Establishment for pulling punkahs.

Ditto for watering tatties.

Ditto for conservancy.

The Bills for these being payable by the Commissariat Department.

EXPENDITURE.—That a monthly limit be fixed for many of the articles above specified, the expenditure for which should not be exceeded, and that the expenditure, even within the fixed limit, should be carefully watched, so that only what is necessary be actually laid out, and that under the usual audit.

PATTERNS.—That fixed patterns of every article admitting of being settled by regulation be at once determined on, and the patterns strictly followed with a caution, however, that good and serviceable articles should not be rejected merely for a difference in pattern.

ACCOUNTS OF THE BARRACK DEPARTMENT.—That Barrack expenditure should be brought under the review of the Controller of Military Finance by means of a Special Examiner (under the Controller) for the examination of Barrack accounts. To this examination should be transferred the accounts passed in the Public Works, Commissariat, and Ordnance Departments, connected with the Barracks, and the accounts of expenditure incurred in them by the Regimental Quarter-Master.

ORDERED, that a copy of the above Resolution be transmitted to the Public Works Department and to the Adjutant-General of the Army for the information of His Excellency the Commander-in-Chief, and that it be also published in the *Government Gazette* for general information and guidance.

No. 247 of 1861.—RESOLUTION.—In the letters

Military Finance Commission No. 2153, dated 10th August 1861.
Ditto No. 2469, dated 11th September 1861, paras. 30-33.

noted in the margin, the Military Finance Commission submitted to Government several arrangements respecting the organization of the moveable Columns.

In paragraphs 18 to 23 of the letter from the Military Department, to the Adjutant-General of the Army, No. 782, of the 18th October 1860, annexed to this Resolution, Government expressed its concurrence generally in the views of the Commission, and in paragraphs 20 and 21 enjoined arrangements by which the greater efficiency of the moveable Column was insured.

It is now resolved to carry into effect the several arrangements proposed, and it is accordingly directed that the strength and composition of the Columns in the three Presidencies shall, for the present, be organized as follows:—

BENGAL.

9 Batteries of Artillery Field Pieces, ...	84		
9 Battalions of European Infantry ...	7,650	Non-Comm. Rank & File.	
6 Squadrons of European Cavalry ...	810	ditto	ditto.
12 Battalions Native Infantry ...	8,400	ditto	ditto.
6 Squadrons Native Cavalry ...	780	ditto	ditto.

with seven days' supplies of all kinds for Europeans, and two days' rations, &c., for Native Rank

as well as Horses; together with spare ammunition at sixty rounds per man for Infantry, and twenty rounds for Cavalry; sick carriage, &c., being provided at five per cent. of the above strength.

MADRAS AND BOMBAY.

The total strength of the moveable Columns at both these Presidencies is not, together, to exceed one-third of the strength fixed for the Bengal Presidency; but with such modifications in the strength of the different Arms composing the Columns, as from local circumstances may appear necessary, supplies, ammunition, and sick carriage being in the same proportion as ordered for Bengal.

The Commander-in-Chief in India, and the Commanders-in-Chief of the Madras and Bombay Armies will, under the approval of the Government of India, and of the Governments of Madras and Bombay, fix upon the Stations at which these Columns shall be kept up in the Presidencies of Bengal, Madras, and Bombay; and will likewise define the strength and composition of each Column, and the arrangements necessary, in conformity with the views of the Government of India, for keeping them in a state of efficiency and in readiness for immediate movement. The Commissary General will, in pursuance of this Resolution, take immediate measures to reduce the Establishments now maintained for moveable Columns to the scale necessary for the strength above stated, and distribute them to the Stations that His Excellency the Commander-in-Chief may fix on, as those which, from the paucity of ordinary carriage or other circumstances, most require such provision.

ORDERED, that a copy of the above Resolution be transmitted to the

Government, Fort St. George.
Ditto Bombay.
Quarter-Master General of
the Army.
Commissary General.
Inspector-General of Ordnance.

Governments and Authorities named in the margin, for information, with a request that the reductions may be

promptly carried out, and the expenditure to be incurred for the moveable Columns under this arrangement, as well as the Stations to which they are distributed, early reported; the Civil, Political, and Military conditions on which the several Columns are formed being also stated.

The Military Finance Department will issue to the Departments under its control such subsidiary orders respecting the financial arrangements involved in the above Resolution as may be necessary, and will suggest any for which the authority of the Government of India may be required.

Extract from a letter from the Secretary to the Government of India, Military Department, to the Adjutant-General of the Army, No. 782, dated 18th October 1860.

18. The letter No. 2153 of the 10th of August last, on the subject of moveable Columns, alluded to in paragraph 30, was communicated to you with my letter No. 714, of the 20th August 1860. To some extent the views of the Commander-in-Chief on the moveable Columns have been conveyed in your letter No. 1416A., of the 8th September last.

19. The Commission proceed, in paragraphs 30 to 35 inclusive, to enter particularly into the subject of moveable Columns, and the total strength at which they might be maintained in the three Presidencies. The Governor General begs to know whether the Commander-in-Chief has any objection to offer to the scheme of the Commission in regard to moveable Columns in Bengal in particular, and also in regard to those in Madras and Bombay. The Governments of those Presidencies have already been addressed on this subject, and their attention to the practicality of reducing the moveable Columns to the extent proposed by the Military Finance Commission will further be specially desired.

20. In connection with this fact of the subject, I am directed to state, for the information of the Commander-in-Chief, that it has been suggested by the Commission that, in order to enable Commanding Officers and others to become personally acquainted with the actual requirements of moveable Columns, with the arrangements for their equipments, their carriage, and the necessary supplies of all descriptions, and to ensure the active and intelligent co-operation of all the parties concerned, whether belonging to Regiments of which the Columns are composed, or to Departments employed in their equipment and march, a practice may be forthwith established of ordering out each moveable Column occasionally for the purpose of exercise, that in times of tranquillity they may become so accustomed to move, that, when required to turn out under the sudden call of duty, to quell any disturbance, every one may know his place and clearly comprehend that he has to do, and that confusion and disorder may thereby be avoided.

21. The Governor General in Council considers this to be a most useful suggestion, and one well calculated to ensure the efficiency of the moveable Columns.

22. His Excellency in Council will be prepared to sanction the expense which must attend the exercise of the moveable Columns and other incidental outlay; satisfied that the money so disbursed will far more than repay its value by the greatly increased efficiency of the available Force and the perfect readiness at all points for immediate calls of service, which will thus be acquired by the Officers and Men and the whole of the Establishments attached to moveable Columns.

23. Under this system the Cattle Establishment attached to moveable Columns will possess all the advantages of a Transport Train or Baggage Corps with this essential superiority over any such Train that Commanding Officers will have under their own constant observation the Cattle on which they are to depend, and that the instruction of the Drivers of the Cattle will proceed simultaneously with that of the Troops with which they are to be associated on service in the field.

MILITARY DEPARTMENT.

Fort William, the 20th March 1861.

No. 251 of 1861.—After an eventful term of duty in India Her Majesty's 6th Dragoon Guards (Carabineers) are on the eve of returning to England, and His Excellency the Viceroy and Governor General in Council embraces this opportunity of expressing his high appreciation of their Services.

The Regiment was at Meerut when the first outbreak of Mutiny took place in 1857, and was one of the first required to take the Field.

After twice meeting the Mutineers on the banks of the Hindun, a portion of the Regiment joined the Field Force proceeding to Delhi, and was conspicuous in the Engagement at Badli-Ka-Serai, which resulted in the firm possession by the British Troops of the Heights before Delhi.

During the Siege the men of this Regiment, among other important services, gave cheerful and valuable aid in working the Heavy Batteries.

In the Operations in the Goorgaon District, at Narnool, in Rohileund, in Oude, and in the pursuit of Tantia Topee through Rajpootana and Central India, in all of which Detachments of the Carabineers took part, the Regiment established fresh claims to the thanks of Government.

The Viceroy and Governor General in Council desires to assure Colonel Custance, C. B., and the Officers and Men of this distinguished Regiment, that their honorable Services in the Field, in a period of great public emergency, will always be remembered by the Government of India with the highest consideration.

 ward of the Buoy.

2nd. The Sub-marine Telegraph Cable is laid
 from Circuit House, or Flag Staff Point, along
 the Western side of the Channel, and when the
 Pagoda Rock bears N. E., Non-degree N. by E. ½
 E.; Reef Island N. ½ W., Saddle Island S. W.
 ½ S., Flag Staff Point S. E. ½ E. there is a large
 bend in the Cable to the Eastward, consequently
 all Vessels should be prevented, for the safety
 of the Cable, from anchoring with the above
 bearings on.

Vessels anchoring with the Red Buoy on with
 Flag Staff Point will always clear the Cable,
 provided the Pagoda Rock is not brought to
 bear to the Eastward of N. E. by N., but they
 should on no account bring Flag Staff Point
 open to the Southward of the Red Buoy.

Vessels anchoring to the N. W. of Pagoda
 Rock will always clear the Cable by keeping Flag
 Staff Point well open to the Eastward of Red
 Buoy as far as it can be seen. Vessels anchoring
 off Pagoda Rock should endeavor to anchor as
 near to the Rock as possible.

Vessels running between the Island of Penny
 Kyong and Angrey Kyong having cause to anchor,
 should border a little on the latter Island, for the
 Cable is laid down along the Centro Channel ap-
 proaching Penny Kyong gradually for about six
 miles from entrance when it is brought ashore.

XIII. It shall be lawful for the Inspector General of Police, or any Deputy Inspector General, or Assistant Inspector General, or for the District Superintendent, subject to the general direction of the Magistrate of the District, on the application of any person showing the necessity thereof, to depute any additional number of Police Officers to keep the peace at any place within the General Police District, and for such time as shall be deemed proper. Such Force shall be exclusively under the orders of the District Superintendent, and shall be at the charge of the person making the application. Provided

Additional Police Officers employed at the cost of individuals.

that it shall be lawful for the person on whose application such deputation shall have been made, on giving one month's notice in writing to the Inspector General, Deputy Inspector General, or Assistant Inspector General, or to the District Superintendent, to require that the Police Officers so deputed shall be withdrawn; and such person shall be relieved from the charge of such additional Force from the expiration of such notice.

XIV. Whenever any Railway, Canal, or other, public work, or any manufacturing or commercial concern, shall be carried on, or be in operation in any part of the country, and it shall appear to the Inspector General, that the employment of an additional Police Force in such place is rendered necessary by the behaviour, or reasonable apprehension of the behaviour of the persons employed upon such work, manufactory, or concern, it shall be lawful for the Inspector General, with the consent of the Local Government, to depute such additional Force to such place, and to employ the same so long as such necessity shall continue, and to make orders from time to time upon the person having the control or custody of the Funds used in carrying on such work, manufactory, or concern, for the payment of the extra Force so rendered necessary, and such person shall thereupon cause payment to be made accordingly.

XV. It shall be lawful for the Inspector General of Police, with the sanction of the Local Government, to be notified by proclamation in the Government Gazette and in such other manner as the Local Government shall direct, to employ any Police Force in excess of the ordinary fixed complement to be quartered in any part of the General Police District which shall be found to be in a disturbed or dangerous state, or in any part of the General Police District in which, from the conduct of the inhabitants, he may deem it expedient to increase the number of Police. The inhabitants of the part of the country described in the notification shall be charged with the cost of such additional Police Force, and the Magistrate of the District, after enquiry if necessary, shall assess the proportion in which the amount is to be paid by the inhabitants according to his judgment of their respective means.

XVI. All monies payable under the last three preceding Sections, on account of any additional Police Force employed as therein directed, shall be recoverable under the warrant of a Magistrate by distress and sale of the goods of the defaulter within the District of such Magistrate, or by suit in any competent Court; and the monies paid on this account or so recovered shall be credited to a Fund to be called "The General Police Fund," and shall be applied to the maintenance of the Police Force under such orders as the Local Government shall pass.

XVII. When it shall appear that any unlawful assembly or riot or disturbance of the peace has taken place, or may be reasonably apprehended, and that the Police Force ordinarily employed for preserving the peace is not sufficient for its preservation, and for the protection of the inhabitants and the security of property in the place where such unlawful assembly, or riot, or

disturbance of the peace has occurred, or is apprehended, it shall be lawful for any Police Officer not below the rank of Inspector to apply to the nearest Magistrate to appoint so many of the residents of the neighbourhood as such Police Officer may require to act as Special Police Officers for such time and within such limits as he shall deem necessary; and the Magistrate to whom such application is made shall, unless he see cause to the contrary, comply with the application.

XVIII. Every Special Police Officer so appointed shall have the same powers, privileges, and protection, and shall be liable to perform the same duties and shall be amenable to the same penalties, and be subordinate to the same authorities as the ordinary Officers of Police.

XXV. It shall be the duty of every Police Officer to take charge of all unclaimed property, and to furnish an inventory thereof to the Magistrate of the District. XXXI. It shall be the duty of the Police to keep order on the public roads, and in the public streets, thoroughfares, ghanta, and landing places, and at all other places of public resort, and to prevent obstructions on the occasions of assemblies and processions on the public roads and in the public streets or in the neighbourhood of places of worship during the time of public worship, and in any case when any road, street, thoroughfare, ghaut, or landing place, may be thronged or may be liable to be obstructed.

Eighth. Any person who neglects to fence in, or duly to protect any well, tank, or other dangerous place or structure.

XXXV. In all cases of convictions under this Act, the Officer trying the case shall be limited to his ordinary jurisdiction as to the amount of fine or imprisonment which he may inflict; provided that any charge against a Police Officer above the rank of a Constable under this Act shall be enquired into and determined only by an Officer exercising the powers of a Magistrate.

XXXVI. Provided that no person shall be punished twice for the same offence.

XXXVII. All forfeitures or penalties imposed under the authority of this Act for offences punishable by a Magistrate may, in case of non-payment thereof, be levied by distress and sale of the property of the offender within the limits of the jurisdiction of the Magistrate of the District by warrant under the hand of the Magistrate who made the order.

XXXVIII. In case any such forfeiture or penalty shall not be forthwith paid, the Magistrate may order the offender to be apprehended and detained in safe custody until the return can be conveniently made to such warrant of distress, unless the offender shall give security to the satisfaction of the Magistrate for his appearance at such place and time as shall be appointed for the return of the warrant of distress.

XXXIX. If upon the return of such warrant it shall appear that no sufficient security can be had, the same shall not be returned, or in case it shall appear to the satisfaction of the Magistrate by the confession of the offender or otherwise, that he has no sufficient property whereupon such fine or penalty could be levied, if a warrant of distress was issued, the Magistrate may, after the offender has been committed to custody, order the same to be levied according to the provisions of the Act for any term not exceeding two calendar months when the

amount of fine shall not exceed fifty Rupees, and for any term not exceeding four calendar months when the amount shall not exceed one hundred Rupees, and for any term not exceeding six calendar months in any other case, the commitment to be determinable in each of the cases aforesaid on payment of the amount.

XLI. All sums paid for the service of process by Police Officers, and all rewards, forfeitures, and penalties payable to informers, shall, when the information is laid by a Police Officer, be paid into the General Police Fund.

Provided always that no action shall in any case lie where such Officers shall have been prosecuted criminally for the same act.

XLIII. When any action or prosecution shall be brought or any proceedings held against any Police Officer for any act done by him in such capacity, it shall be lawful for him to plead that such act was done by him under the authority of a warrant issued by a Magistrate. Such plea shall be proved by the production of the warrant directing the act, and purporting to be signed by such Magistrate, and the defendant shall thereupon be entitled to a decree in his favor, notwithstanding any defect of jurisdiction in such Magistrate. No proof of the signature of such Magistrate shall be necessary, unless the Court shall see reason to doubt its being genuine. Provided always that any remedy which the party may have against the authority issuing such warrant shall not be affected by any thing contained in this Section.

XLIV. Dated Fort William, the 10th September 1860.

HOME DEPARTMENT.

SIR,—His Excellency the Governor General in Council having observed that a disposition to form Volunteer Rifle Corps has been manifested at some of the Stations in the Upper Provinces of this Presidency, is desirous that no useful aid which the Government of India can conveniently give in furtherance of this object should be wanting. His Excellency in Council thinks it advisable therefore that the should be in possession of the general views of the Government of India upon the subject, in order that any enquiries which may be addressed to the may at once be answered.

2. His Excellency in Council is of opinion that where the formation of a Rifle Club, and of nothing more, is desired by the community, and where no discipline is sought to be acquired, it will probably be most agreeable to those concerned that the whole of the arrangements should be left in their own hands, without any action on the part of Government, and I am directed to suggest to the the adoption of this course in such cases.

3. When the formation of an organized and partially drilled Corps is contemplated at any Presidency Town or Station, the Government of India will be prepared to aid the object in the following manner:

A Rifle and Bayonet, with the proper Accoutrements, will be issued to each member on the following conditions:—

1st.—That as a general rule, but subject to special exceptions, the Corps shall consist of not less than fifty enrolled members.

2nd.—That the Rules and Regulations for the government of the Corps be drawn up by its members, but submitted to and approved by the Executive Government or Authority.

3rd.—That the drill shall be conducted regularly according to such rules as the Executive Government or Authority may approve, under a Drill Instructor appointed and paid by the Government.

4th.—That the Commanding Officer, though chosen, like all other Officers, by the Corps, shall be approved by the Executive Government or Authority before any issue of Arms shall take place; and that he shall be personally responsible to the Government for the safe custody and good condition of the Arms issued to his Corps, the expense of keeping the Arms in repair being borne by the funds of the Corps.

5th.—That beyond a certain amount of practice ammunition, which will be determined hereafter and issued from the Government Magazines free of cost, all further ammunition shall be paid for at cost price.

6th.—That the members of each Corps shall choose and provide themselves with such Uniform as they think suitable.

7th.—That upon any enrolled member quitting the Corps, or ceasing to reside in the neighbourhood of the Presidency Town or Station at which it is formed, his Arms and Accoutrements shall be returned to the Government store before being re-issued to any new member.

8th.—That the Corps shall be subject to periodical inspection by an Officer named by the Government.

9th.—That no Officer or Non-Commissioned Officer of the Army shall be eligible for enrolment in the Corps in any rank, unless he shall be holding a Civil appointment and shall have no connection at the time with Military duties of any kind whatsoever.

4. I am to add that it is probable that with the approval of His Excellency the Commander-in-Chief, and under such regulations as may see fit to prescribe, the use of the Government practising ground and targets may be allowed to any duly organized Volunteer Rifle Corps that may apply for such permission.

5. Lastly, I am directed to state that if any further Regulations or conditions for the formation of Volunteer Rifle Corps should be found to be desirable, they will be framed upon the basis of the War Office Circular of July 1859, and of February and March 1860, with such modifications as may render them suitable for application in India.

No. 274.

Ordered, that a copy of the foregoing Letter be communicated to the Foreign and the Military Departments.

W. GARR,
Secy. to the Govt. of India.

No. 712.

Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Home Department, under date the 18th March 1861.

READ Despatch from the Secretary of State in the Public Department, No. 159, dated the 30th November 1860, on the subject of the formation of Volunteer Rifle Corps in India.

In this Despatch the Secretary of State directs attention to the necessity of some rule for regulating the admission of individuals into the several Volunteer Corps, and he suggests that the appointment not only of the Commandant, but of all the Officers of the Corps, should be subject to the confirmation of Government, and that the resignations of all Officers should be dependent on a similar approval.

On the first point the Governor General in Council is of opinion that it will be sufficient to direct that a list of all new members enrolled be submitted Quarterly to the Local Executive Government or Authority for approval, and that every new member shall be regarded as provisionally enrolled, pending the approval by the Local Executive Government or Authority of the list in which his name is entered.

With regard to the appointment and resignation of Officers, His Excellency in Council is pleased to determine, in modification of the Circular letter dated the 10th of September last, that for the future the election of all Officers above those of Non-Commissioned Rank, shall be subject to the approval of, and that their appointments shall be signed by the Head of the Local Government or Administration, and that to the appointments of Commandant and Second in Command the sanction of the Governor General in Council shall be necessary.

With regard to the resignation of Officers, His Excellency in Council remarks that the present circumstances of the Volunteer Corps do not permit of any definite rule being laid down, but in any case where an Officer may absent himself for three months without leave, and without having tendered his resignation, he should be gazetted out of the Corps.

His Excellency in Council is of opinion that all appointments of Officers should be gazetted by the Executive Government or Authority, and he is pleased also to direct that the several Volunteer Corps shall be borne in the Army List, in order, according to the date in which the formation of each Corps was communicated to Government.

The above rules will be applicable to the Volunteer Corps raised in the Presidencies of Madras and Bombay, as well as to those raised in the Bengal Presidency and in the Provinces directly administered by the Government of India, with the exception of the rule which requires the sanction of the Governor General in Council to the appointments of the Commandant and the Second in Command. This rule will not apply to the Presidencies of Madras and Bombay.

ORDERED, that a copy of the Secretary of State's Despatch, and of the above Resolution, be forwarded, for the issue of the necessary orders, to the Military Department, in which Department the Governor General in Council considers it desirable that the correspondence relating to Volunteer Corps should for the future be conducted.

Dated London, the 30th November 1860.

PUBLIC.

MY LORD,—I HAVE considered in Council your letter dated 12th September (No. 100) 1860, on the subject of the formation of Volunteer Rifle Corps in India, and I have, on behalf of Her Majesty's Government, to signify my entire concurrence in your opinion that it was the part of Government to respond to the disposition to form Volunteer Corps which had been manifested at certain Stations, and my general approval of the instructions addressed by you to the several Local Governments, as to the conditions on which the assistance of Government is to be afforded to the movement.

2. It will probably be found necessary to lay down more detailed Regulations on the subject hereafter; but as you have very properly directed that any such Regulations shall be framed on the basis of the War Office Circulars relating to the formation of Rifle Corps in this Country, I shall do no more than point out to you the necessity of some rule for regulating the admission of individuals into the several Corps. This point is evidently of primary importance, and I have therefore to direct that the attention of the several Governments and Local Authorities may be directed to it, in order that, whilst no distinction is made between the different classes of Her Majesty's subjects in India, care may be taken that the persons admitted shall be, in all respects, fitted for the service of Her Majesty in Corps of this description.

3. With reference to the fourth condition on which the aid of Government is to be afforded, I would suggest, for your consideration, whether the appointment, not only of the Commanding Officer, but of all the Officers of the Corps, should not be subject to the confirmation of Government, and whether the resignations of all Officers should not also, as in the case in this Country, be dependent on a similar approval.

I have, &c.,

(Signed) C. Wood.
